

Learning at Westminster Abbey

Westminster Abbey is a living Church, representing Faith at the Heart of our Nation, where daily worship is offered to Almighty God, as it has been ever since the year 960. Since 1066 it has also been the site of coronations, and over 3,000 other men and women are buried or memorialised here.

The award-winning Learning Department has a range of tours, workshops, virtual classroom sessions and digital learning resources to bring the Abbey's faith and history to life.

Virtual Classrooms

Live sessions led by our team. From Coronations to Christian Belief and Worship, from Brother Ralph to Florence Nightingale, we offer a range of formats, themes and characters:-

- An Interactive Session with activities to complete in the classroom (or at home if home learning).
- A costumed video conference meeting a character from the Abbey's past.
- A guided Virtual Tour of the whole Abbey.

Digital Learning Resources

A growing catalogue of free, downloadable resources across all five key stages. Topics include: Prayer and worship; pilgrimage; Christian festivals; St Edward the Confessor; Reflections and Does Science Need God lectures. Content includes videos, lessons, image banks and teacher guides. Coming soon: Christian beliefs teacher guides.

Onsite visits

Take advantage of the Abbey being quiet this summer and bring a school group to visit. We offer sessions on a wide range of curriculum subjects, including RS, History, Literacy and the Arts. Your coach can drop students off right outside the Abbey and all visiting will be conducted in-line with current government regulations.
