Celebrating the Seasons: Spring Webinars

After the success of our Autumn webinar series, Rural Hope is now holding 2 more webinars on the theme of 'Celebrating the Seasons', focussing on Lent and Easter.

For example, the 'Lent in a Bag' idea [has been used](#) by the likes of the Beaminster Team already, and has proven to be an engaging, thought-provoking resource.

Programme Manager Sarah Keen says:

"In each case, we offer the experience of guest speakers, signposting to resources, practical tips, and a forum for discussion and sharing of ideas. All the materials will be available from the Rural Hope section of the website after the webinars.

"Our Lent webinar is coming soon, so please book up right away!"
