

Hope in Action

Dorset Together at Christmas

Have you got a Christmas event that could be listed in '#DorsetTogether at Christmas'?

HelpandKindness is a Dorset-wide project that has been formed to bring together information about all kinds of help and support that are available to people living and working in the county.

They are gathering together a list of all the activities and offers of help that are taking place across Dorset this Christmas under the banner of '#DorsetTogether at Christmas'.

In addition to the offers of food and support, they are also gathering information about celebrations and Covid-safe activities that people are running this year.

They would like to be able to list some - or all - of the local Church activities and services that may have started to be arranged, now that the guidance is a little clearer.

If you would like to contribute, the page is [here](#).
