

## Fond farewells and new adventures

### Ian Bromilow, Mission & Stewardship Advisor (Dorset)

Like John Kilbee, Ian has served the Diocese in this post for 10 years, serving the parishes and benefices of Dorset with insight and enthusiasm.

Ian and John have worked separately and as a team, giving presentations with a 'can do' attitude and a practical feel.

Ian has sought to provoke discussion and encourage in equal measure, with a 'mission-first' focus, demonstrating the value of church work alongside appeals for finance. He and John have helped spearhead contactless giving, not least through the national rollout of the Parish Giving Scheme originally set up by the Diocese of Gloucester.

His role, along with John's, has been to help parishes and benefices link their vision to stewardship and finance.

Additionally, Ian and his wife Wilma serve as LPAs and LWLs in the Winterbourne Valley. Both have a very strong pastoral heart and have helped run the annual Mother's Union holiday.

Ian has strong connections to the Sudan Link and is the Milton and Blandford Sudan Link as well as being heavily involved in Milton Abbey, and previously Longmead Community Farm.
