

## Hope in Action

### Free or low-cost community meals and cafés

*Fiona Thomas, Community Engagement Project Officer for Dorset Council, says:*

"As part of the ongoing work around food insecurity we are starting to map the wider support of free or low cost meals, either delivered or available at a community venue.

"Would it be possible to ask your parishes if they are offering - or plan to offer - this to our more vulnerable residents?

"We know that many churches and communities are already offering a range of different options, but we would love to know about other initiatives that aren't on our radar yet."

To notify Dorset Council, email Fiona [here](#).
