

From your Diocesan Support Teams

From your Parishes Support Team: Possible Financial Support

PASS IT ON...

We have been gathering information which may be helpful to villages and communities in all sorts of ways, including village and community organisations. Please pass this information on if you can!

The following organisations may be able to offer some financial support:

Community Centres are now included in the same Government financial support scheme as businesses affected by the coronavirus outbreak. If your PCC has a Church Hall that serves as a Community Centre, then funding may be available. Contact Dorset Council [here](#) or Wiltshire Council [here](#).

County Community Coronavirus Response Funds support the community and voluntary sector in response to the coronavirus outbreak. Contact Dorset Community Foundation [here](#), or Wiltshire Community Foundation [here](#).

The Charities Aid Foundation (CAF) has helpful information and links to grant making bodies to help with hardship during the coronavirus outbreak, [here](#).

Finally, Parochial Church Councils may wish to check their Church Hall insurance cover, as some insurance companies may cover a loss of rental income where the building is closed by order of the Government.
