## Hilfield Friary offers retreat on the phone

Many people on retreat like to talk with a brother or community member about life, God and many other things, big and small. Since our retreat centres have, closed this has not been possible - but the Anglican Franciscan Community of Hilfield Friary in Dorset has come up with a solution.

In response to the current situation, from Tuesday 5th May until Pentecost, there will be a brother or community member available to chat over the phone, initially between 11am and 12noon from Tuesday to Saturday.

If you would like to chat, please call 01300 341882.
