### **Webinar: Inspiring Everyday Faith, Accelerating Change**

Thursday 25 June, 12.00 - 1.45pm

- How do leaders help steer churches through adaptive change?
- How do whole church communities become invested in a corporate sense of mission?
- How do church cultures better enable and engage Christians in our Kingdom callings?

Such questions are at the forefront of many conversations at this time. The good news is that we are not short of options in how to support leaders and churches through times of accelerating change.

This webinar will feature insights on how to lead well in times of accelerating change with contributors from the Arthur Rank Centre, CPAS, Jesus-Shaped People, LICC, Mothers' Union and more.

This webinar looks specifically at the role Christian agencies and networks play as strategic partners for dioceses and close companions for worshipping communities. It will feature practical examples of processes for transformation in worshipping communities and in enabling change through investing in collaborative leadership.

The Inspiring Everyday Faith webinar series shares ideas, innovations and insights from the work of Setting God's People Free. SGPF was set up in 2017 to coordinate work across dioceses to better enable the whole people of God to live out our faith in everyday life. This work involves supporting worshipping communities to better engage in the task of inspiring everyday faith, adapting through small shifts and adopting new practices.
