

Achievement in RE: how to get the best out of your pupils (5 - 11)

This one day professional development conference will explore practical ways to assess progress in RE whilst encouraging the engagement and interest of pupils.

Our keynote speaker, Lat Blaylock of RE Today, followed a long teaching career in multi religious Leicester schools before becoming an advisor, writer and trainer, specialising in assessment. He was the keynote speaker at last year's very successful RE Conference.

Many examples of pupils' work will be used to demonstrate strategies for enabling progression and effective assessment of pupils across the 5-11 age range in RE. Practical ways of developing assessment in RE in primary settings will be explored.

The programme for the day, covering ages 5 to 11, will include sessions on:

- ★ Using levels to build progress
- ★ Setting excellent tasks for each year group
- ★ Achievement and assessment in Christianity, Islam and Judaism
- ★ Planning to implement the day's thinking

As well as this ...

there will be plenty of practical ideas and examples of ways to develop learning in primary settings!

DATE: Thursday 13th February 2014
TIME: 09:00 - 16:00
VENUE: Bournemouth Learning Centre
BOURNEMOUTH COST: £150 **OTHERS:** £180
