

CCLI and use of hymns

Our Music in Worship Network Co-ordinator Heather Waldsax says that a CCLI licence permits you to use hymns such as ['Hope for the world's despair'](#) and adds that you will need a OneLicense streaming license to livestream it.

(The YouTube version is [here](#).)

You will need to display an acknowledgement of copyright – in the case of the hymn above, 'Words: copyright Ally Barrett/ Jubilate - Administered by Jubilate Hymns Ltd. Music: copyright The John Ireland Charitable Trust, used by permission.'

If you have queries, please email the copyright manager – in this case, [Chris Juby](#).
