[www.resoundworship.org](http://www.resoundworship.org)

During the Covid-19 crisis, we give permission for all churches worldwide to stream Resound Worship songs. This includes our videos, our recordings, our lyrics and your own performances.

If you have a streaming licence (eg [CCLI](#), [OneLicense](#)), we'd appreciate it if you would report your usage. If you don't we would like you to use our material anyway.

We do not currently make copyright claims on YouTube or Facebook videos, so you should be able to use our songs without triggering their algorithms and shutting down your feed.

## FREE LYRIC VIDEOS

We've bundled up 10 Resound Worship lyric videos for songs that we think could be useful during the current crisis and with Holy Week and Easter approaching. Songs on themes of grief, death, patience and resurrection. We'd like you to have them as a gift. We've already given permission for you to stream any of our material, but we know that having the actual videos will help you to include them in your own presentations, so this should help a bit. Just follow the link, choose 'Videos Intro Bundle' and enter the code FREEVIDS at checkout.
